

Lodge Brothers, Chapters and District Presidents,

Hello and it is time to think about hosting and sponsoring area high school freshman, sophomores, juniors and seniors in our Youth Awareness Scholarship Program. It is pretty simple just ask high school students in your community if they would like the opportunity to earn college or state accredited vocational school money after they graduate. The program is an essay/scrapbook format. They are ask to pick a topic and present to 4-9 year olds. Hosting and sponsoring students only require from you as a sponsor and \$25 registration fee per student (payable to VMA) and about \$25-&30 supply allowance (per student). Hosting a program is easy as well, just schedule a Saturday morning, afternoon or evening and invite the students, parents to come set through a 45 minute session for all of the information. Please think about joining us and "Helping Students Succeed". I look forward in hearing from you. Sessions start in August and run through November (excluding holidays) Thanks for your support.

Fraternally,

Mannuel (Manny) Propst

Virginia Moose Association

Youth Awareness Chairman
