Moose Youth Awareness Program

Great News, the Virginia Moose Youth Awareness Program has reached a record high in student participation, along with lodge, chapter and district involvement. The 2018-2019 registration count is 92 yes 92. Without the support of our Lodges, Chapters and Districts this would not have been possible. Also with the addition of another WOTM Coordinator and 2 District WOTM Coordinators we were able to reach more communities within our state. The men and women of the Virginia Moose Association have been active supporters of the Moose Youth Awareness Program for more than 30 years and with your continued support we can go another 30. Thanks “Team Virginia”. For those of you that would like to learn more visit our web page @ vmayouthawareness.org

Merry Christmas and Happy New Year.
