Dear Mr. Rest,

I wanted to take this opportunity to thank the Callao Moose Lodge 917 for your unwavering commitment in providing support to children throughout our respective communities.

The Westmoreland County Sheriff's Office began using Tommy Moose after collaboration with lodge personnel. Recently, Tommy Moose sprang into action. A deputy was dispatched to an emergency call in which a young child was involved. What was a traumatic scene soon became less traumatic due to the issuance, assurance and sense of security that Tommy Moose provided.

In a time when negativity seems to highlight every aspect of our being, this positive occurrence during an extremely stressful situation was due in no small part to the dedication and diligence of your organization.

Words alone can't adequately express my deepest appreciation for all that you do throughout the community, but especially for our children.

Again, many thanks!!
