# Official Communication for August 28, 2014

## Clarification On Cross Sponsorship

There appears to be confusion amongst some lodges and chapters regarding cross sponsorship – men sponsoring chapter members or women sponsoring lodge members – and entering these applicants' information. When a chapter member sponsors a man into the lodge, the lodge receives the application and enters it in their LCL.Net. Conversely, when a lodge member sponsors a woman into a chapter, the chapter receives the application and enters the applicant information into the chapter's LCL.Net.

**Cross sponsorship does NOT allow a man to join a chapter or a woman to join a lodge.** The chapter should never enter a man's application into the chapter's LCL.Net and a lodge should never enter a woman's application information into the lodge's LCL.Net.

## Click YES To Upgrade To LCL.Net v2.2

Many Lodges, Chapters and Moose Legions have yet to upgrade to version 2.2 of LCL.Net. This version supports the recently approved *General Law* changes allowing for cross sponsorship of applicants and the option for members to reenroll after just six months in expired status. If you are prompted to upgrade your LCL.Net upon logging in, please select YES. The process takes just a few minutes for units with a broadband (DSL or Cable Modem) Internet connection.

Currently units that have not upgraded to LCL.Net v2.2 are able to continue using version 2.1. In the not too distant future, version 2.1 will be disabled for all units. Please upgrade your LCL.Net software at your earliest convenience.

5th  
Annual

# Holiday Lights at Mooseheart

*One of Chicagoland's largest light displays!*

**Open 5-9pm nightly — Nov 28th - Dec 31**

Help us raise money for children in need — sponsor a display!  
Sponsorship opportunities from \$100 - \$10,000 available.
