Moose Charities-

GREAT NEWS!!!! YOU DID IT!!!! The \$11,300,000.00 School Renovation project cost has been fulfilled. Your dedication to our Mooseheart Child City & School and your commitment provided the financing to renovate Mooseheart's 61-year old school. We hope you will take pride in knowing you have given Mooseheart students a school to be proud of..... the technology and environment they need to further their education, their hopes and dreams. You made this renovation project a reality – and you have given them an educational path to [begin](#) their journey and succeed in the business world.

**Terry Walls
Supreme Governor**

“I want to thank each of you for going the extra distance in Building Our Foundation by raising the additional funds to complete our school project. You have helped us reach the new goal of 11 million dollars. Thank you for your commitment to Mooseheart.”

**George W. McCullough III
Chairman Moose Charities Board of Directors**

“What exciting times that we live in today. When men and women of the Moose continue to see and understand the needs of our fraternity and our children through the renovation and

rebeautification of our Mooseheart School. Thank God for each of you. Keep up the great work!"

On behalf of our Mooseheart children, the faculty and the Family Teachers – we extend heartfelt thanks
