

Subject: 170711 - Introducing Lodgic Everyday Community!

Good Afternoon!

I told you big news was coming and here it is. The Supreme Council and I want you to be the first to know and have the first look at our New Moose Experience.

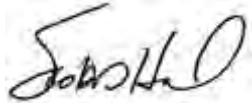

Please welcome the newest addition to our Moose family - Lodgic Everyday Community!

Many years of planning are now becoming real as we invest in our first location and see Lodgic Everyday Community come to life.

I'm truly excited about the future of Moose! And how we, together, can create thriving communities of young working families while continuing to strengthen the Moose fellowship we love.

Fraternally,
