

Subject: Update to Moose International Website - Lodge Locator - Smoke Free Lodges

Brother Administrator,

Moose International is working on an update to the International Web Site within the Lodge Locator program to identify lodges that provide a “Smoke Free” environment for their patrons. This would mean that a lodge building is “Smoke Free”, but does not eliminate the opportunity for smokers to enjoy outdoor or isolated smoking areas. Participating in the listing is “optional” and only those lodges desiring to have this information attached to their listing are required to “sign up”. **Please provide me your information no later than July 30th if: 1. You desire to be included, and 2. Have a “Smoke Free” facility.**

This is pretty self-explanatory but, as always, please let me know if you have any questions. Thanks!

Fraternally,

Mike Rios
